SUMMARY

Software engineer with 7 years building web applications and internal tools. Comfortable across the stack but strongest on the backend. Has shipped products in Python, Java, and Node.js.

EXPERIENCE

Software Engineer — Northwind Retail (2019-2024)

- Wrote Python scripts to reconcile inventory data nightly.
- Mentored two junior engineers on code review practices.
- Built internal reporting dashboards in React.
- Maintained a Java/Spring order-management monolith.

Junior Developer — Bluefin Software (2017-2019)

- Implemented REST endpoints in Node.js and Express.
- Added tests and fixed bugs in a legacy PHP codebase.

SKILLS

Python, Docker, SQL, React, Node.js, Java, Spring, JavaScript, Git

EDUCATION

BSc Computer Science — Northeastern University (2013-2017)
